MUSEUM GRADES

THE WORLD'S FINEST PRE-OWNED LUXURY HANDBAGS

A catalogue, not a clearance. A standard, not a store.

Museum Grades presents the world's finest pre-owned luxury handbags as a curated catalogue — each piece authenticated, condition-graded, and documented with the rigour of an archive.

Our design language is deliberately quiet. Monochrome, generous in whitespace, and free of ornament, it lets the object speak. The interface recedes so the collection can lead.

Grade

EVERY PIECE CONDITION-RATED

Mission. To give pre-owned luxury the catalogue it deserves — trustworthy, beautiful, and built for the discerning collector.

Verify

AUTHENTICATED BEFORE LISTING

Personality. Discreet. Exact. Confident without volume. We sound like a curator, never a salesperson.

The Wordmark

Museum Grades is a typographic identity. The wordmark is set in Metropolis Bold, uppercase, with a wide **3–6px letter-spacing**. There is no icon — the name, set with discipline, is the mark.

PRIMARY · INK ON PAPER

REVERSED · PAPER ON INK

CLEAR SPACE

Keep clear space around the wordmark equal to the cap-height of the “M” on all sides.

ALWAYS

- + Use Ink or pure white only
- + Maintain the wide letter-spacing
- + Set in uppercase

MINIMUM SIZE

Never reproduce below 90px wide on screen or 22mm in print to preserve legibility of the tracking.

NEVER

- ✗ Add colour, gradients or shadows
- ✗ Condense, stretch or tighten
- ✗ Place on a busy image without overlay

A monochrome palette

The system is built on ink and paper. Greys carry hierarchy; two restrained accents — a soft blush and a verification green — appear only in functional moments. Colour is never decorative.

Metropolis

One typeface carries the entire system. Metropolis — a geometric sans — is clean, modern and quietly confident. Helvetica Neue is the system fallback.

Components & rules

Square corners, hairline borders, and uppercase tracked labels define every surface. Nothing is rounded; nothing floats. Structure is honest and rectilinear.

How we sound

“The world's finest pre-owned luxury handbags — curated, authenticated, and catalogued.”

Curatorial

We describe, we don't sell. Precise nouns over adjectives. Let the object earn the admiration.

Exact

Specific and verifiable. Conditions are graded, not gushed about. Trust is built on accuracy.

Quiet

No exclamation, no hype, no urgency tricks. Confidence speaks at a measured volume.

WORDS WE USE

CURATED	AUTHENTICATED
GRADED	ACQUISITION
CATALOGUE	COLLECTOR
PROVENANCE	CONSIDERED

WORDS WE AVOID

CHEAP	DEAL	HURRY
SALE!!!	MUST-HAVE	INSANE
LIMITED TIME		

Say: “Featured Acquisitions.” “Authenticated before listing.” “Condition: Excellent.”

Not: “Hot deals!” “Grab it before it's gone!” “Unbeatable prices!”

In the world

The identity extends across print, packaging, social and email with the same restraint. A sample suite of collateral accompanies these guidelines as production-ready artwork.

Collateral supplied as PNG: business card, social post, authentication / grading card, email banner, and tote.
